Product Feature AND Application of the Mounts Screw NR NBR SR Rubber Rubber Feet Pads:

Health equipments metal rubber foot pads adding grip to a piece of furniture or appliance. Also known as Self Adhesive Feet or 'Furniture Pads', these can be installed onto the bottom of almost anything to prevent it from falling over or marking the surface its placed upon thanks to its anti marking and slip properties. We recommend rubber for harder surfaces to increase grip, or felt/teflon to reduce grip and increase the ease of movement across surfaces.

We can provide many different styles, shapes and sizes depending on your particular needs and requirements.
